Presho Livestock Auction

BULL SALE

Monday, April 29, 2013 • 1 PM CT
Presho Livestock Auction

60 Yrlg Angus Bulls

Free Bull Delivery up to 200 Miles

Lunch: Please come early and join us for a complimentary lunch.

Inspection: Come to the ranch any time before the sale. Call us at (605) 895-2203.

Bids: Can be left with Auctioneer or Ma & Pa Angus. All bids will be handled with the utmost integrity.

Terms & Conditions: All cattle sell according to the standard terms and conditions of the American Angus Association.

First Year Breeding Guarantee: All bulls selling for \$2,000 or more will be given 50% of the value of the injured bull, minus any salvage value, in a future sale or toward a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2013.

Example 1: A \$5,000 bull is injured and will not heal. A credit for \$2,500 minus any salvage value will be given to the buyer.

Example 2: A \$1,750 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

Health: All bulls will pass a semen test before sale. The entire herd is on a complete vaccination program. A representative from the Animal Clinic, Winner, SD, will be at the sale—or call them at 1-800-808-8996.

Semen Interest: Ma & Pa Angus will retain a one-third semen interest in all registered bulls selling. Buyer owns full possession and salvage value.

Announcements: Announcements from the block take precedence over any printed matter.

Bad Weather: Listen to KGFX 1060 AM if weather is threatening.

Liability: All persons who attend the sale do so at their own risk, and Ma & Pa Angus assumes no liability, legal or otherwise, for any accidents which may occur.

Sale Day Phone: Presho Livestock Auction (605) 895-2553
Steve's Cell Phone: (605) 391-1450

Auctioneer: Ron Volmer (605) 895-2378

Livestock Press Representatives:

Welcome to our 16th Annual Bull Sale.

Once upon a time a young man full of selfish ambition wished for the greatest cow herd in all the land. He worked feverishly studying pedigrees and A-lin heifers and cows. He sought advice from experienced cattlemen. The work he worked wasn't really work at all! As the challenge got greater the Lord gave him a mate to share the work. Now in order to support their "cow habit" they stooped to selling bulls, but keeping most of the females..... Twenty some years later it's the 16th ANNUAL Ma & Pa ANGUS BULL SALE!!

Our time in the Angus business has been nothing short of a fairy tail. The original goal remains the same today.....simply great females. That's what makes sire selecting difficult for us. (Raising huge black bulls would be easy!) There's a lot of chatter out there about weaning weights, carcass quality, etc , but it all starts with cows that have mothering ability, longevity, sound udders, feet and legs.

We will go broke if we lose these fundamental qualities the Angus cow is known for. We will not chase the latest, greatest, flavor of the month, new herd sires. Cows that calve on their own, mother and raise a calf with little to no supplements might just make us rich! We'll let you know.

All cattle are available for your inspection at the ranch before the sale. We welcome your visit. If we can offer any information or assistance, feel free to contact us.

Sincerely,

Steve, Deb, Sage, & Shilo

"Steak Maker" has been chosen to carry on the legacy of his sire. That's a big order, but so far he's been worthy-his first 18 calves ratio 107. Perhaps his dam deserves some credit as she is a perfect uddered Pathfinder cow. Steak Maker's ratio for IMF was 112.

Handsome Jack was the calf everybody noticed in the pasture. He weaned off mama at 650 pounds and already had the "herd bull" look. His feed ratio was 128 and he also scanned a 119 ratio on REA. His calves come a bit heavier at birth and a lot heavier at weaning.

ACC								

"Fear Not" is a heifer bull with a lot of libido. We discovered through DNA parentage testing that as a yearling he sired well more than his share of calves. He was aggressive at the feed bunk as well-rationing 118 on feed test. His lineage is very maternal including Freightliner, Great Plains, and Sitz Reliant. His dam is Pathfinder, his Grandam is in the herd at 10 years of age, and his Great Grandam left the heard at 14 years old. His calves come easy - you can "Fear Not".

“Doc” is just impressive from every angle. He started life at 88 pounds, ratioed 107 at weaning, and then ratioed an amazing 144 to win our feed test. Carrying on in his sire’s hoof prints, he was a leader in carcass traits as well- IMF ratio: 121, and REA ratio: 120. From the posterior angle he revealed 39 cm testicles at one year of age. We are very excited about this young sire. His first progeny records- BW: 17/96, WW: 17/108.

“Good Day’s” dam came to us as a bred heifer from the famous Gartner-Denowh Angus Ranch in Montana. Most notably she is a maternal sister to the popular GDAR Game Day at Genex. At fourteen years of age she’s still in the herd: BW 12/92, NR 12/102. Good Day’s sire is the once nationally ranked carcass sire Ma & Pa Feature Presentation. (Good Day’s IMF ratio: 116, REA ratio; 110) To date Feature Presentation is the crown jewel of our program. Ma & Pa Good Day combines the best of our genetics with the best of the GDAR.

Pathfinder

A few years ago a potential customer came to the ranch and wanted to drive through the cow herd. On the drive I told him the old joke about Ole and Sven going into business together.....

One hot summer they were eating a nice cold watermelon and got the idea to take some melons to the beach and sell them. So they bought a truck load of melons for one dollar each then hauled them six miles to the beach and sold them for one dollar each. Business had been very good for one week when Ole asked Sven how much money they had made. That's when Sven discovered they had lost almost one hundred dollars. Ole said, "I guess we need a bigger truck!"

On that same drive my potential customer explained that he had been using bulls from a huge, famous ranch. They have some of the best and biggest numbers in the breed. He then told me that he was having a difficult time getting his first calf heifers to rebreed. So now he keeps back several more than he really needs to meet his quota! I feel like there is a misconception in the cattle world that somehow we get "free weight" if we use a bull with huge weaning and yearling weights. We do get larger cattle IF THEY GET THE FEED REQUIRED TO MEET THEIR NEEDS! Otherwise we get skinny looking cattle.

**Free Bull
Delivery**
up to 200 miles

Where'd ya get that name?

We had been searching for a name for our registered Angus herd for over a month when we went to New Underwood to spend time with Deb's parents. The next morning over a large breakfast Deb's dad, Bob Bruner (Bruner Trucking) was telling fishing stories when he told about staying at a "Mom and Pop" motel. I asked "just what is a Mom and Pop business?" Bob replied, "Well, a mom and pop motel is usually a clean, well kept little motel that's run by a couple without much help."

That pretty well summed up our outfit! We shortened it to Ma and Pa to make more space available for names on registrations.

Thanks, Bob, we miss you.

ADG will be available February 1, 2013

My approach at problem solving has always been "Head On".

Throughout the years of selling bulls we have encountered very few problems. When we do, the approach is the same as thirty years ago when this photo was taken - Head On. We try to please our customers!
